

Have you seen what the Trade-In Program can do for you today?

- Help **find additional \$\$ in your budget** to apply towards new Lenovo technology!
- **Minimize returns!** The Trade-In Program will buy back any open box, demo units or excess hardware!
- **Maximize profitability!** Cash back for spare parts on the floor from custom-configurations or system upgrades!
- **Procurement channel to purchase discontinued parts & systems!**

The Trade-In Program offers cash back **"From mice to mainframe!"** for parts that still have residual value (generally within 3 1/2 years of age) and meet the minimum trade-in quantity requirements. A flexible, and easy to use solution to help your customers find a "bucket of \$\$" in their budget to apply towards new Lenovo technology!

The process is fast, flexible, and easy to use:

- 1) **Submit** bid request for hardware that is **available for pickup within 30 days.**
- 2) **Receive** price quote
- 3) **Prepare** equipment for pickup
- 4) **Receive** payment within 10 days from testing!

Further details on the Trade-In Program along with Bid Request Forms may be accessed at: **<http://www.pctradein.com>** or call **(781) 320-0123**.
